Ministry of Defence

PROJECT : WORKSHOP AT MAM

SUBJECT : Supply of AC Unit

Dear Sir,

We thank you for inviting us to quote for the subject stated above. We are pleased to submit our most competitive techno-commercial bid for the subject project as under-

Scope of Work

OUR REF.: 2025MR-AO/T0011-013

03-Jun-2025

Air Handling unit CLCP

Payment Terms

* Casing External: 0.5mm Powder Painted Galvanized Steel/ Stainless Steel SS304.

* Casing Internal: 0.5mm Galvanized Steel/ Stainless Steel SS304.

* Complete fan and motor assembly is mounted on spring isolators.

* Cooling coil section: Copper tubes and Aluminium fins suitable for chilled water system with chilled

Equipments

water IN/OUT = 6/12 deg C.

Description	Model	Quantity	Rate	Amount
Air Handling unit	CLCP004	1	2472.54	2,472.540

* Cooling coil section: Copper tubes and Aluminium fins suitable for Dx system with Refrigerant

Air Handling unit	CLCP03A	1	2228.03	2,228.030
-------------------	---------	---	---------	-----------

R410a/R407c.

Air Handling unit	CLCP014	2	2975.77	5,951.540
-------------------	---------	---	---------	-----------

* Drain pan: Stainless Steel SS304.

Air Handling unit	CLCP007	3	2233.09	6,699.276
-------------------	---------	---	---------	-----------

* Eurovent Certified.

* FAHU Shall be provided with Heat Recovery Wheels as per the given schedule.

Air Handling unit	CLCP012	1	2761.64	2,761.640
-------------------	---------	---	---------	-----------

* FAHU shall be supplied with Heat Pipe as per the given schedule.

Air Handling unit	CLCP005	1	1960.98	1,960.980
-------------------	---------	---	---------	-----------

* Fan motors: shall be VFD compatible high efficiency IE3 Type [VFD excluded]

Air Handling unit	CLCP004	1	1828.68	1,828.680
-------------------	---------	---	---------	-----------

* Fan section: with Statically & Dynamically balanced Double Inlet Double Width Belt Driven Centrifugal

Air Handling unit	CLCP018	1	4338.46	4,338.460
-------------------	---------	---	---------	-----------

* Fan with constant pitch pulley/ plug fans with VFD/ Variable Speed high efficiency EC fans (SISW).

Air Handling unit	CLCP018	1	4338.46	4,338.460
-------------------	---------	---	---------	-----------

* Filter Section: 2" flat filter of grade G3 + 15" Bag filters of grade F7 as per EN779.

Air Cooled Condensing Unit	RAUP500	1	9214.95	9,214.950
----------------------------	---------	---	---------	-----------

* H13 Hepa filter section as the given schedule.

Fan Coil unit	HFCF10_3R	18	192.83	3,470.976
---------------	-----------	----	--------	-----------

* Mixing/Inlet section: With standard motorizable damper [Actuator excluded]

Fan Coil unit	HFCF12_3RE	7	212.24	1,485.652
---------------	------------	---	--------	-----------

* Panels: Double skin, rigid and totally enclosed casing with thermal barrier.

* Roof canopy: Provided for external/ roof mounted units.

* The proposal has given based on attached selection and drawings.

* Thyristor controllable Electric heater section as per the given schedule (Thyristor Excluded)

* UV section with UV lamps as per the given schedule.

Fan Coil unit HFCF

* 3-speed motor, selected at medium speed

* 6 mm nylon filter or 20 mm aluminum filter

* Centrifugal fan with statically and dynamically balanced forward-curved blades

* Cooling coil with copper tubes and aluminum fins

* Galvanized steel or stainless steel drain pan

* Trane chilled water single skin fan coil unit, Made in PRC
